Risk Management and Legal Implications

Failure to manage risk may impact on the delivery of Service objectives and the outcomes achieved by Service users. Education and Children’s Services aim to mitigate the implications by ongoing management and review of risk in all elements of work activity.

The production of this document is one way in which we aim to reduce our exposure to risk. By providing staff with information on good practice, making reference to other guidance that is available across the Council and providing clarity on how we should do things, we can ensure that the management of risk is intrinsic to what we do.

Please also refer to Student & Staff Handbook and Nursery Policies and Procedure for further reading.

New Staff Only

At we use the National Induction Resource to ensure that newly employed staff are provided with the support which they require in the initial 6 months of being in post. Each new member of staff will receive a National Induction Resource booklet which they should retain and work through with their mentor. New employees will then meet monthly with a senior member of staff to discuss how they are settling in and any supports which they require. At this meeting they will be asked to bring along the National Induction Resource materials with them. This document will be used to record reflections of their practice.

Please now initial and sign the statements overleaf.
