Gallatown Nursery 2022-23

Gallatown Nursery Duty of Candour Report 2022-23

All health and social care services in Scotland have a duty of candour. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened, receive an apology, and that organisations learn how to improve in the future.

An important part of this duty is that we provide an annual report about the duty of candour. This short report describes how our care service has operated the duty of candour during the time between 1st April 2022 and 31st March 2023.

3. To what extent did Gallatown Nursery follow the duty of candour procedure?

We carefully assessed all notifications to the Care Inspectorate to check whether they triggered the Duty of Candour, following the Duty of Candour procedure.

4. Information about our policies and procedures

Where something has happened that triggers the duty of candour, our staff report this to the Head Teacher and Senior Leadership Team who have responsibility for ensuring that the duty of candour procedure is followed. A member of the Senior Leadership Team records the incident and reports as necessary to the Care Inspectorate. When an incident has happened, a learning review will take place. This allows everyone involved to review what happened and identify changes for the future. All new staff learn about the duty of candour at their induction. We know that serious mistakes can be distressing for staff as well as people who use care and their families. Where staff members, parents or children are affected by the duty of candour, we will endeavour to support as necessary.

5. What has changed as a result?

Over the course of the year policies and procedure have been reflected upon.

6. Other information

This is the fourth year of the duty of candour being in operation. Throughout the COVID-19 pandemic, it has supported us to ensure that we have policies and procedures in place to protect all our children. It has helped us to remember that people who use care have the right to know when things go badly, as well as when they go well. As required, we have submitted this report to the Care Inspectorate and made a copy available for parents and partners on our website.
