December 2025

## Upcoming events

As we approach the Christmas period there are lots of fun festive activities. We are having a visit from the Grinch on a motorcycle trike and Santa will be visiting in the last week. We will share pictures through seesaw and our social media facebook page. We also have a Christmas lunch and a school Christmas party on the last day of term. We are also looking forward to inviting all parents and carers to our Christmas get together next week (flyer attached). So, lots to look forward to and fun to be had.

## SIP progress

We are continuing to work through our school improvement plan and recently had support from the early years team around using significant observations for assessment particularly as we look at our play-based approaches. The teachers have all had an input on their new iPads and our training will continue with the transforming learning team. Pupils should be issued theirs in January for P6 upwards and we are happy to have them in school if taking them home is an issue.

## Sports and Fitness

We recently received our Silver School Sports Award which we are delighted with. This recognises the real push to get our pupils active and engaged in sports and physical activity. Our youngest pupils have been accessing soft play, seniors at the Tin Shed and at school we have been working with sports coaches and the sports ambassadors to create fun opportunities. After Christmas we will have a block of Horse Riding/ stable work with RDA for 4 pupils. Forms will be issued to those students who will be offered the chance.

## Dates for your diary

11<sup>th</sup> December Christmas Lunch menu

12<sup>th</sup> December Christmas Gathering (parents welcome) 1.30pm

19<sup>th</sup> December last day of term

5<sup>th</sup> January Term 3 starts

## Holidays

If anyone is worried about the holidays or is needing any support, please get in touch. Equally if you could benefit from support from the local Toy Drive, we can refer for additional gifts. Please just email me. We also receive toy drive donations to the school so may have some items that could be added to the pile.

Please do not hesitate to get in touch

Many thanks and happy Friday

Ruth Munro, Headteacher
