P6 – Mr Munro - Wednesday – outside - Friday - indoors	P6/7 – Mrs Redfern - Monday – indoors - Thursday - outside	P7 – Miss Garty - Monday – indoors - Tuesday - outside

Messages from the School Office:

Nursery Snack – Term 1:

Each term, we advise that if you wish to make a donation towards the daily Nursery snack that you can do so by making an online payment to **Lawhead Primary School** as follows:

Bank of Scotland

Account name: **Lawhead Primary School Fund**

Sort code: 80-09-55

Account number: 00545206

Reference: **please record 'Nursery' and your child's name**

If you prefer to donate cash a money box will be available in Nursery for this purpose.

There are 7 full weeks in Term 1 and the suggested amount is £2 per week for a child attending nursery full-time, however, there is no obligation to contribute to this and any amount you wish to make will be gratefully received, thank you.

parentsportal.scot - school only:

Thank you to our new families who have already signed up to parentsportal.scot. If you have yet to set this up/link your child, please endeavour to complete this at your very earliest convenience. App QR code attached below. As advised, the app allows you to quickly report absences, check attendance, order lunches and milk via iPayimpact, book parent/teacher appointments, review calendar, etc.

iPayimpact - school only

Thank you for our new families who have registered in iPayimpact. If you have yet to do so, please complete this at your earliest convenience as it allows you to review the school meal menus, ingredients and to order meals for 3 weeks in advance. Choosing school meals at home with your child ensures that they are happy with the choices made and reduces time at registration in choosing meals, thus allowing the class to start their learning sooner.

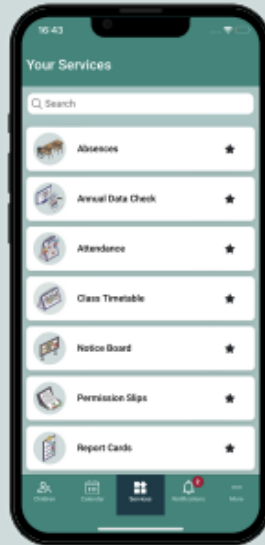

If you have misplaced your letter with the link code, please email the School Office, thank you.

Homework and Learning Overview for Term 1 and 2:

Homework grids and learning overviews for term 1 and 2 will be published on Tuesday. These will be sent out by email via our Group Call system, uploaded to the school website and shared with pupils via their Glow MS Team (P1-5) and Showbie (P6 & 7).

September Number Challenges:

Each month we will share a range of maths challenges and game ideas to support pupil learning within number, money and measure. These are just for fun for you and your child to try out at home. Have a look at the suggestions below:

- Find and record 20 numbers around your home or community.
- Estimate then count the number of steps from one room to another.
- Spot the largest and smallest number you can find on food packaging – encourage your child to read it out loud
- Salute: This three-player game needs one deck of cards. Two players each hold a card to their forehead without looking at it. The third player announces the sum or product of both cards, and each player must figure out their own card using the total and the card they can see. This game builds addition, subtraction and multiplication fluency while teaching logical reasoning.
- 101 and Out: Players take turns rolling two dice and deciding whether to use the digits as a two-digit number or add them separately – rolling 3 and 5 could become 35, 53, or 8. Keep a running total, but if you exceed 101, you're out. This game strengthens strategic addition and place value understanding.
