

The survey ran from January to March 2024. We have 100 families in our school community and there were 32 responses from parent/carers to the survey.

Response Summary

■ Positive (70%)
 ■ Neutral (25%)
 ■ Negative (5%)

Strengths

- Your children feel safe at school and nursery
- You know who to contact if something is affecting your child
- Your child likes coming to school or nursery
- Your child takes part in activities to promote physical activity.

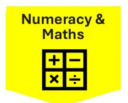

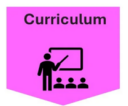

Give more information on:

- Our guidance and support to ensure no child is disadvantaged by personal circumstances
- Our guidance and policies regarding bullying concerns
- Our learning opportunities within school & nursery about making healthy lifestyle choices.

Areas to improve

- Give more opportunities for family learning
- Help you to support your child's learning at home
- Give more information on what your child needs to do next to progress in their learning
- To ask & consider your views.

Curriculum

The survey ran from January to March 2024. We had 120 of our children respond to the survey.

Response Summary

■ Positive (71%) ■ Neutral (24%) ■ Negative (5%)

Strengths:

- Children feel safe at school
- We teach children to stay safe when using technology online to communicate with others
- Children enjoy learning
- We encourage children to be healthy and take part in physical activities.

Continue to work on:

- Our expectations of positive behaviour
- Helping children become more resilient
- Ensuring all children treat each other with respect
- Staff getting to know children better

Areas to improve:

- Know more about what children like doing when they are not at school
- Help children feel more confident when they're at school.
- Support children more so they like being at school.
