

Phase 4 Money Diagnostic Assessment

Phase 4 Progression Overview	Assessment Note	Marks
I can record amounts accurately in different ways using the correct notation, for example, 149p=£1.49 and 7p = £0.07	Question 1	7
I can identify and use all coins and notes to £20 and explore different ways of making the same total	Question 2	6
I can use a variety of coin and note combinations to pay for items and give change within £10	Question 3	2
I can apply mental agility number skills to calculate the total spent in a shopping situation and I am able to calculate change	Question 4	3
I can demonstrate awareness of how goods can be paid for using cards and digital technology.	Question 5	3
	TOTAL	21

	Question	Mark																		
1	I can record amounts accurately in different ways using the correct notation, for example, 149p=£1.49 and 7p = £0.07 Fill in the table where you are asked to either change pounds to pence or vice versa, the first one is done for you. <table><tr><td>£/p</td><td>p</td></tr><tr><td>£1.48</td><td>148p</td></tr><tr><td>£9.22</td><td></td></tr><tr><td></td><td>817p</td></tr><tr><td>£12.38</td><td></td></tr><tr><td>£16.92</td><td></td></tr><tr><td></td><td>1184p</td></tr><tr><td></td><td>1309p</td></tr><tr><td>£17.04</td><td></td></tr></table>	£/p	p	£1.48	148p	£9.22			817p	£12.38		£16.92			1184p		1309p	£17.04		
£/p	p																			
£1.48	148p																			
£9.22																				
	817p																			
£12.38																				
£16.92																				
	1184p																			
	1309p																			
£17.04																				

7

2	Show two different combinations money to make up the amount shown.		
(a)	Combination 1 for £14.46	Combination 2 for £14.46	2
(b)	Combination 1 for £19.88	Combination 2 for £19.88	2
(c)	Combination 1 for £16.94	Combination 2 for £16.94	2

3	I can use a variety of coin and note combinations to pay for items and give change within £10 I have 2 £5 notes, 3 £1 coins, a 50p coin, a 10p coin and a 1p coin a.) Can I buy the teddy? Show your thinking.  £11.50	1
	b.) If I used my money to buy the robot instead, how much change would I have left? Show your thinking.  £8.50	1

4	I can apply mental agility number skills to calculate the total spent in a shopping situation, and I am able to calculate change Mr Jones' Shop Chocolates= £5.20 Blocks = £3.25 Can of juice = £3.75 Balloons = 97p Fruit pot = £2.90 Shorts = £3.99 Sandwich = £6.50 Book = £6.89	
(a)	How much would a sandwich and fruit pot cost altogether? Show your thinking.	1
(b)	How much would the balloons, chocolates and a book cost altogether? Show your thinking.	1

(c)	I bought a can of juice and some new shorts. How much change would I get from £10? Show your thinking	1
5	I can demonstrate awareness of how goods can be paid for using cards and digital technology. List or name name 3 different ways you can purchase items and an example of when you would use them.	
	One way I could purchase items is.....	1
	Another way I could purchase items is.....	1
	I could also purchase items using....	1
