Pupil version: Improve our skills and understanding in maths							
National Improvement Framework Priority			HGIOS4 Quality	/ Indicators			
 Improvement in attainment – particularly literacy and numeracy Closing the attainment gap between the most and least disadvantage children and young people 		taged	1.3 Leadership of Change 2.2 Curriculum 2.3 Learning Teaching and Assessment 3.2 Raising Attainment and Achievement				
Expected Impact	Strategic Actions Planned	Responsibilities		Measure of Success (Triangulation of Evidence/QI Methodology)	Timescales		
Increased teacher efficacy for all teaching staff	 Use baseline assessment to identify pupils at P1,4&7 Weekly data gathering approach based on focus from baseline 	HT and PT Jill Gillan HT and PT and Jill Gillan HT and PT and Jill Gillan HT and PT		Attainment over time - Measure evidence from BASE and NSA for targeted groups against last sessions data for the previous cohort.	Prior to summer holiday ensure all staff can log on and familiarise with resource		
Increased positive mathematical mindsets in focus group of pupils	including confidence levelsTermly whole school survey to gather data on whole school voice.				Create working party and action plan by end of week 2 including peer support plans		
Increased levels of engagement in learning journey for focus group of pupils	 Build moderation and collegiate working into WTA Build professional learning in maths into WTA Purchase of MNP and Jo Boalar Mathematical Mindsets Embedding MNP and mathematical mindsets approach 			Surveys to measure positive mindsets and engagement in focus group in each 1,4,7, cohort	INSET 2 initial training – further training sessions planned withir collegiate calendar		

Increased clarity for parents/carers of school approach to mastery learning in maths	Review and organise maths resources to ensure meet needs of teaching approaches and purchase as required	HT and PT	Assessment evidence to track attainment of focus group in each 1,4,7 cohort	MNP letter out to parents
, Increased maths attainment in P4-5 cohorts.	 Engage with parents on how maths learning is delivered in school Gather parent voice about levels of confidence and positive 	HT	Moderation against Benchmarks – SLT monitoring	Maths display and survey for parents at Parent Teacher Interview Night Term 1 weeks 6 and 7
	 mindsets of pupils at home. Review of home learning approach in line with baseline data 	Working party lead by Rachel Wilson/Jill Gillan	Peer support dialogue evidences increased teacher efficacy	Open event for parents Term 2 By end of November – plan
	 Weekly (at least) shared start/finish for parents – for showcasing and gathering feedback 	Working party lead by Rachel Wilson/Jill Gillan	Track assessment of P1,4,7 cohorts to evidence increased attainment.	during INSET Identification of focus groups by week 4
	_	Working party lead by	Parent surveys and open day feedback measurement	Term 3 engage with wider community to provide context for application of maths skills –
		Rachel Wilson/Jill Gillan Working party lead by	LP Visit to moderate 1,4,7 focus group attainment against benchmarks	university links? Career week STEM Day?
		Rachel Wilson/Jill Gillan		Home learning maths policy by end of term 3.
		Working party lead by Rachel Wilson/Jill Gillan		September and February tracking meetings for P4.
		Working party lead by Rachel Wilson/Jill Gillan		

Focused Priority 2: Improve pupil sense of belonging, security and value as part of the school community Pupil Version: I will feel a valued and included part of the school.

• Improvement in young people's health and wellbeing 1.3 leadership of change • Improvement in young people's health and wellbeing 1.3 leadership of change • Placing the human rights and needs of every child and young person at the centre of education 1.3 leadership of change • Expected Impact Strategic Actions Planned Responsibilities Measure of Success (Triangulation of Evidence/QI Methodology) Timescales Based on data from Glasgow Wellbeing Profile and Pupil Voice activities and feedback from parents there is competing evidence that their majority of pupils do not feel fully secure that their wellbeing needs can be met in school. A focus on vision, values and aims, plus curriculum content and stakeholder in line with current values – consider SHANARRI, The Promise, Child Protection PT PT and LS Pupil Voice activity will provide moder will provide moderation of evidence Weekly assembly activity							
• Improvement in young people's health and wellbeing 3.1 ensuring wellbeing, equality and inclusion • Placing the human rights and needs of every child and young person at the centre of education 3.1 ensuring wellbeing, equality and inclusion • Expected Impact Strategic Actions Planned Responsibilities (Triangulation of Evidence/Ql Methodology) Timescales Based on data from Glasgow Wellbeing Profile and Pupil • Use data from parent survey, Glasgow Profile and Leuven Scale (social and emotional wellbeing aspect) to: PT Evidence from Glasgow Profile and Leuven Scale (social and emotional wellbeing aspect) to: Identify focus groups for intervention; Identify focus groups for intervention; PT and LS Pupil Voice activities will provide feedback on pupil feelings.
