

What did your child gain from the Ardroy experience:

Confidence and independence new things Ardroy activities longer walks
 stay away things spending
 greater confidence home **confidence**
 new activities Life skills friends skills skills and confidence
 Social skills positive skills new food Independence and confidence

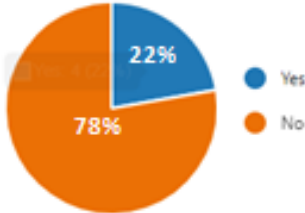

My child spoke positively about the residential experience.

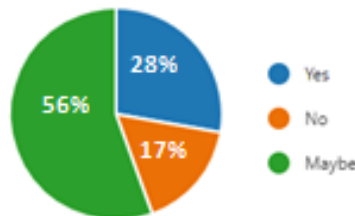

Do you think there should be a P7 residential?

Was the trip too expensive?

Should we consider some individual activity days without the residential part?

Never seen X so happy and full of emotions after a trip. She feels more connected to people in her class. Thank you all so much for this amazing experience!

X had a really positive experience. We are so glad she had the opportunity. Thank you.

leader and activities

water activities

new activities fun **activities** splash
 activities - Jacobs Jacobs ladder food

beds were uncomfortable

hot

No

Kayaking

uncomfortable bed

dorms

All the staff as they must work very hard to make sure all the kids have a great experience.

Individual days would be good but not at the expense of the residential

Whilst day activities would be great I don't think that should replace the residential as I think it's a massive development and learning experience for the kids that they love and will remember for a very long time

On **TRACK** to a bright future.
