ANTI-BULLYING POLICY

Valley Learning Council
ANTI-BULLYING POLICY

WHAT is bullying?

 Saying bad things.

Hurting people.

 Not being allowed to join in.

It can be one person or a group.

It can be on the internet. 

WHAT should we do?

 Tell the teacher.

 Ask for help

 Look out for each other.

 Live Valley Values,

 treat people the way you want to be treated

 and make everyone proud.

Bullying can be anything done to one person by another which makes that person feel upset.

Bullying can be anything done by one person to the other to hurt them **on the outside or on the inside.**

It can be an incident that happens more than once but it **can** be something that only happens **one time.**

When two or more people are against a child it is **a change of power** and this is bullying.
