

Thank you to everyone who completed the follow up to the Parentwise Survey. Most people doing so tended to agree that a full perimeter fence around the school grounds is not needed but some very valid points were made about the border between the top playground and the Nature Trail where there is no fence. I have raised these concerns today with the Infrastructure Team within Fife Council.

Out the matter of cost of the school day, the only consistent concern raised was around shoes. Following previous parental feedback, I already recognised this as an issue and I made amendments to the shoe suggestions in the P1-7 Information which came home in the reports and which is available here: [A-Z \(glowscotland.org.uk\)](https://www.glowscotland.org.uk). I hope this might help.

With regards to communication, there are mixed opinions, some people prefer everything to come at once in a weekly information and others prefer more regular shorter emails. I will continue to work on this next session and we could perhaps discuss at a Parent Council meeting.
