Digital Diary

WELCOME

Welcome to the first ever Antonine Primary Digital Diary!
This termly update is created by Antonine's Digital Leaders, who meet regularly to problem solve and plan for digital learning.

NEWS

We have learned about Computer Science Education Week. This celebrates Grace Hopper. We created a video and a quiz to share with pupils across the school.

DIGI DEN

- This term, the Digital Leaders created a iPad collection timetable so that all iPads are charged and ready to be used for learning. Digital Leaders are responsible for collecting and charging iPads on set days to support classes.

DIGI DEN

- This term, we created the 'Digi Den' so we have a place to store and sort our digital equipment in Antonine Primary.

MOVING FORWARD

The Digital Leaders will:
- **help set up new iPads that will be delivered**
- **continue to update the school website**
- **trouble shoot problems that arise with iPads.**

Lastly, Antonine's Digital Leaders would like to wish everyone a Merry Christmas and Happy New Year!
