

## Antonine Primary Other Curricular Areas Class: P1b Session: 2025/26

**Miss MacDonald** will teach **P1a** all day on a **Tuesday** and on a **Wednesday** morning.

Across the year she will cover the following curricular areas: Maths, Expressive Arts (Music, Art, Drama & Dance), Science, RME and French.

Please see below for overview of Learning and Teaching Blocks

### Term 1 (August to October)

**Maths:** we will be learning about: Repeating patterns, 2D shapes and the days of the week.

**Music** – we will be learning about music beats and rhythm, and we will explore different styles of music. Every alternate Wednesday we will work with Mrs Stevenson, the Youth Music Initiative Teacher.

**Art** – we will be exploring lines and colour within art.

**Science** – we will be investigating different types of energy.

**RME:** we will be exploring: The Christian festival of Harvest.

### Term 2 (October to December)

**Maths:** we will be learning about: information handling, using tally marks and picture graphs.

We will also learn how to communicate and navigate using about positional language.

**Drama:** we will be focusing on: Communicating ideas and feelings through expression. We will also take on a dramatic role through our Christmas performance.

**Music** – we will be learning about different tempo's and how to sing as a group. Every alternate Wednesday we will work with Mrs Stevenson, the Youth Music Initiative Teacher.

**RME:** we will be exploring: Welcoming a baby through Christianity, Islam and Judaism. We will also learn about the Christian Christmas Story.

**Science** – we will be investigating living and non-living things.

### Term 3 (January to March)

**Maths** – we will be learning about: time (daily sequence and O'clock), elements of measure and money (coins up to £2).

**Music** – we will continue to learn about music styles, beats and rhythm. Every alternate Wednesdays we will work with Mrs Stevenson, the Youth Music Initiative Teacher.

**Art** – we will be exploring the work of famous artists and creating similar styles of artwork using a variety of materials.

**Science** – we will be investigating different types of forces.

**RME** – we will explore the Story of Ruth through Judaism and the Christian story of Easter.

**French** – we will be learning numbers 1-10 and colours in French.
