

## Showbie Parent/Carer Information Session

### Why Showbie?

Showbie is an app that supports learning and teaching. It allows pupils to view and complete their work online. Homework and home-school communication will now be available on this platform.

### How do I download Showbie?

The Showbie app is available on the **Apple Store**, however, for **Android users, Showbie can be accessed via the website** <https://my.showbie.com/>. You can scan the QR code on the app but will have to use a username and password to log in on the website. Please note that the **QR code must be scanned in the Showbie app**, not in your camera app.

### Where will I find information on Showbie?

Each class has a Showbie page and each child can only see their own work. Classes utilise either the '**Sharing Our Learning**' folder or the **class discussion** area to share pupil learning experiences.

Please do get in touch should there be any questions or issues!

Miss Erin Storer

Primary 7/6 Class Teacher (Mon, Tues, Fri)

Principal Teacher (Wed, Thurs)
