Dear Parent/Carer,

BGE Settling-In Tracking Report

Please find enclosed your child's Settling-In Tracking Report. As it is issued early in the session, the Settling-In Tracking Report does not include a teacher comment; instead, it gives grades for Progress, Behaviour, Engagement, and Home Learning, an indication of the level at which the young person is working. The purpose of the Settling-In Tracking Report is either to reassure parents that all is progressing as expected, or to highlight any issues which may require further supportive contact between the relevant House Team and parents/carers.

Our Parental Involvement and Engagement Calendar (please see overleaf) gives dates for further Tracking Reports to follow later in the session, and Parents' Consultation Evenings. These should give a clear impression of the progress your child is making in their learning.

As you may be aware, Curriculum for Excellence is divided into two phases: the Broad General Education (BGE) and the Senior Phase. The Broad General Education begins in early learning and childcare settings, and continues to the end of S3; national expectation is that most learners will achieve 3rd Level by the end of S3, though many learners may be working at 4th Level. The Senior Phase begins in S4, and continues until the end of S6; at this stage, young people will follow the most appropriate progression pathways, so that they can experience deeper and increasingly challenging learning, and achieve the qualifications which reflect their potential. The graphic below – provided by Education Scotland – gives a useful overview.
