INSTRUCTIONS

1. Cut the shoestring liquorice into 6cm lengths for the legs. (scissors work great for this).
2. Push the cut liquorice pieces into the Oreo filling, 4 on each side, to look like spider legs.
3. Place two small dots of icing at the top of the Oreo and then stick two M&M candies of the same colour onto the icing to look like eyes (the icing is the glue to stick the sweets on).
4. Repeat with remaining cookies and candies.
