

Blairdardie Primary School
Permission for Photographic/Video Use

Dear Parent/Carer

Our school is always looking to update and improve communications with parents, carers and the local community. This will include a number of existing communication tools within the school - the school handbook and website, automated text and newsletters which we would like to illustrate with as many images of young people as possible.

As a school we also promote and celebrate the school's good news stories and successes on our Twitter page and occasionally send out media releases - either directly or via the council's media office. As you know, social media is a fast and effective way to communicate - especially to our young people - and a good way to cascade important information to a large group at the same time.

It is normally just images of pupils learning or taking part in an activity. We never reveal a child's name/surname.

In addition, commercial photographers will be engaged to provide professional individual and class photographs for you to purchase.

To enable us to do this safely we would like to take this opportunity to update our parental permissions in line with council media and social media guidelines. I would, therefore, ask that you complete the section at the bottom of this letter and ask your child to return it to the school as soon as possible.

Please also let me know during the school year if your decision regarding photographs/social media changes or of any circumstances which could affect your child and we will amend permissions accordingly.
