## Term 3

### 2021/22

#### Topic - Research

- Who was Queen Victoria? Create a timeline to show the key events during her reign.
- Cook a Victorian recipe, take a photo and share it with your teacher.
- What were Victorian homes like? Use a shoebox to create your own.
- Create a job advertisement for someone to work as a maid in a rich household.
- Research Victorian playground games - design your own and create your own rules.

#### STEAM

A chemical reaction is the combination of two reactants to form an entirely new product.

Bonds are broken and new bonds are created.

A chemical reaction is not always caused by mixing two substances together.

Click the link below to attempt some chemical reaction experiments of your own.
