Topic - Research

- Find a news article about an example of conflict in the news. Summarise the report explaining the perspective of the author.
- Examine the propaganda posters of WW2. Create your own with a catchy slogan, in-keeping with the war effort at the time.
- Research the history of British conflicts. Create a timeline showing the key dates of wars and conflicts that Britain has been involved in.
- What is a refugee? Research the experiences of refugees in times of war. Create a diary entry from their perspective.

STEAM

A chemical reaction is the combination of two reactants to form an entirely new product.

Bonds are broken and new bonds are created.

A chemical reaction is not always caused by mixing two substances together.

Click the link below to attempt some chemical reaction experiments of your own.
