## Welcome to our Third Term!

Dear Parents and Carers,

I am writing to welcome all of our pupils and their families back for a new term at Cadder Primary School. I have a few updates to share. All of these are to promote the safe and nurturing ethos of our school.

### Correspondence

Please ensure all correspondence, forms, permission letters etc. are sent back to school immediately.

As always, our partnership is greatly valued. Please keep in touch with us. It is very challenging to meet face to face within the school building at the moment, but remember we are at the end of a phone or e-mail if you need us!

With regards,

Mrs M Baker, Headteacher

### Parent and Carer Communication

#### NEW PARKING RESTRICTIONS!

Our new parking and restricted use of the road during drop off and pick up times has begun. Thank you to all drivers who adhered to this today. Please remember if you do not, that you could be fined £50. I attach the letter with information of times etc. to remind you of this plan. This is for the safety of your children. If any drivers are running late, please adhere to the plan and do not drop a child off at the gate. The parents leaving, sometimes with a toddler or a pram, should be able to do so safely and not have to move between unnecessary cars.

#### Ongoing

All correspondence will be sent by Groupcall e-mail and our Groupcall Xpressions App. Please ensure we have up-to-date contact details and ensure you check e-mails.

Friday 28 May 2021 and Monday 31 May 2021 (May Weekend)

#### June

Schools Close at 1:00pm on Thursday 24 June

2021

## Outdoor learning

### Corona Virus Update

Please find attached the letter issued last term with information about possible symptoms to be aware of and what to do if you have any concerns. I can confirm that a child in one of our infant classes was recently tested positive. As this occurred during the October break we were advised by Public Health that, on this occasion, would not impact on the school. Please be assured that we are in regular contact with Public Health and have procedures in place to monitor both our pupils and adults health. If required, Public Health would advise us on what to do if and when required. This has been the case since our return to school in August and there are no changes to the systems in place. As a reminder, we may ask a child and their family to self-isolate or perhaps a group of children or possibly a whole class. Each situation is different and Public Health direct us on the best way forward to support our pupils and staff. In the meantime, we wish the child a speedy recovery and look forward to them re-joining their class when they are well enough. Please stay vigilant of any symptoms and take advice from our colleagues in the NHS when required. This is a pandemic which is affecting many aspects of our lives, let's work together and support our community to pull through this very trying time.

## Little visitors!

### HEAD LICE!

I would like to remind all adults that a regular check of children's hair is important.

Please remember that the Chemist can provide medicated shampoo and other treatments, for free, if required. Head lice combs are very effective!

### After School Clubs

We are very pleased to be able to offer a few clubs this term. Risk Assessments and procedures will be in place to ensure safety as best we can. Please look out for letters in school bags. We hope to offer all age groups between now and the end of the school year. Numbers of children attending each club will be lower than normal due to restriction however we are very pleased that we are able to offer some children this additional provision.

### Flu Immunisations

Our flu immunisation takes place on 22<sup>nd</sup> October. Any forms still to be sent in for this should be returned immediately.
