TO : PARENTS / CARERS

Dear Parent or Carer,

I am writing to remind all parents and carers that although we now have children returning to school we are all still facing the impact of the current pandemic.

As noted in previous correspondence with you the school continues to follow a risk assessment where the staff and children's health are kept a priority to reduce the risk of Covid 19 within our community. We can also confirm that as part of the return to school all staff have access to voluntary Lateral Flow Tests (LFT) which indicate to staff members who may be asymptomatic. If a LFT indicates a positive result the staff member then requires to attend for a Polymerase Chain Reaction Test (PCR).

To reduce the risk for yourself as an adult please adhere to the Scottish Government guidelines which currently ask you to wear a face covering and stay 2 metres apart from any other adult. This is especially important during the times of pick up and drop off areas of school.

With this in mind please keep in the forefront of your thoughts the advice that continues to be issued by NHS Scotland.

We remind you that the symptoms to look out for are:

- **the onset of a persistent cough**
- **or a temperature/fever**
- **or a loss of taste or smell**

You only need one of these symptoms to request a PCR test. This can be done by visiting the NHS Inform website – www.nhsinform.scot. You can request a home kit here.

For more information please visit: www.nhsggc.org.uk/covid/schools

If you require help with any questions you have about coronavirus that are not answered online, or you do not have internet access, please call the free helpline number 0800 028 2816. The helpline is open from 8:00am to 10:00pm each day.

Please stay safe!

Yours sincerely,

Mairi Baker

Mrs. Mairi Baker,
Head Teacher
