Caledonia Primary and LCR Acceptable Use of Technology Policy

Aims:

- To support our pupils to engage positively with the internet.
- To reduce the potential risk factors associated with online platforms, the loss, damage and theft of devices in line with council policy.
- To support pupils to develop technological skills in a safe and supervised environment for educational purposes.

Our Policy:

- Pupils are allowed to bring mobile devices/watches to school, however, devices will be placed in the class locked safe box on arrival and returned at the end of the day.
- These devices include where the internet can be accessed, has camera or video accessibility.
- Pupils will only be prohibited to use Glasgow City Council technology devices during the school day for acceptable educational reasons.
- Acceptable uses of technology include – educational research, teaching, personal education development.
- Unacceptable uses – offensive/inappropriate images or language used, accessing personal social media platforms within the school, violating the privacy of others, forms of bullying/harassment.
