## NEWSLETTER MARCH 2025

### HEADTEACHER MESSAGE

Thank you to everyone who attended our recent open doors event. The children really enjoyed the opportunity to share their learning with you. I am extremely proud of the children and their ability to speak confidently about their learning.

This term we are focusing on being ready to challenge ourselves in our learning by adopting a growth mindset. We will be speaking about this lots at assembly over the next few weeks.

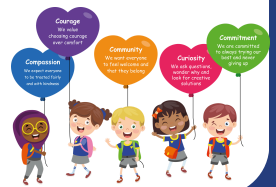

The next 5 weeks are very busy, with lots of fun events and activities planned for the children and the community.

You can keep up to date with all our events via our school website :

This was part of our Leonardo Effect learning around the question "What is flight?".

### WORLD BOOK DAY THURSDAY 6TH MARCH

To celebrate World Book Day on Thursday 7 March, Croftfoot Primary will deliver a programme of events and activities designed to enthuse children about the joy of reading and inspire the next generation of writers.

Through these events, we aim to promote and encourage a culture of reading for enjoyment in and out of school.

The children are also keen to dress up on this day and have set the challenge of coming as your favourite word. We would like to encourage creativity and would prefer that costumes are put together from things you have at home or costumes you can reuse from a previous event.

### COMIC RELIEF FRIDAY 21ST MARCH

## RSHP LESSONS TERM 4

**RELATIONSHIPS, SEXUAL HEALTH AND PARENTHOOD**

RSHP is a key element of the Health and Wellbeing area of Curriculum for Excellence. Health and Wellbeing is one of the eight curricular areas in Curriculum for Excellence. Its importance is reflected in its position at the centre of the curriculum and at the heart of children's learning. Along with literacy and numeracy it is one of the three core areas that are the responsibility of all staff in learning establishments.

Learning in Health and Wellbeing is designed to ensure that children and young people aged 3 to 18 years old develop the knowledge and understanding, skills, capabilities and attributes which they need for mental, emotional, social and physical wellbeing.

Young people have identified inconsistencies and gaps in the delivery and quality of RSHP education in numerous consultation and engagement exercises, research studies and evaluations.

The RSHP resource was developed as a result of identified need for RSHP education to be fully modernised, a recommendation of the Scottish Parliament's Education and Skills Committee in their report 'Let's Talk about Personal and Social Education'.

Parents and carers can access all lessons taught here:
