

# Home Learning at Hyndland Secondary

Using Microsoft Teams to support Learning at home.

iPads – when are  
S1 getting them?

# iPads – When are S1 getting them?

- S1 students will get iPads before September weekend.
- Accounts must be transferred from Primary to Secondary for device management purposes.
- 180 iPads must be wiped, cleaned, charged and reallocated to S1.
- This does take time especially when we are waiting for accounts to transfer - the school has no control of this.

MICROSOFT TEAMS: AN  
OVERVIEW

HOMEWORK: AN INTRODUCTION  
TO ASSIGNMENTS

CALENDAR SHARING TO VIEW  
HOMEWORK TASKS

# Microsoft Teams: An Overview

Using Teams to Support  
Learning in School and at home.

# Microsoft Teams for Education: An Overview

- Teams is a digital platform to support learning in the classroom.
- Each class has a class team.
- Students log in with their Glow account.
  - gw00surnamefirstname@glow.sch.uk
- Teachers can create assignments for students to complete work both in class and at home.

# Homework

An Introduction to Assignments.

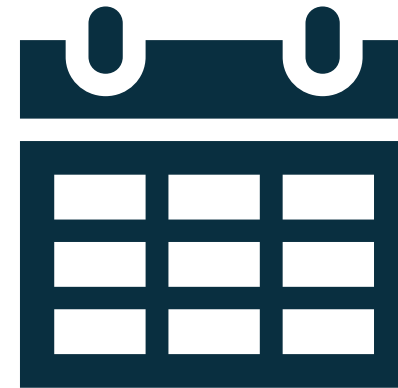

# Homework: An Introduction to Assignments

- Teachers set work for students to complete in Assignments.
- Tasks identify deadlines, how work should be complete and what resources to use to support task completion.
- Some Teachers will have assignments for classwork and homework.

# Calendar Sharing

How to view homework tasks

# Calendar Sharing to view homework tasks

- Easiest way to view homework tasks is to view assignments on students' iPad.
- Calendar sharing can allow parents/guardians to view tasks with an overview link.
- We will be spending time during iPad deployments to focus on this alongside iPad troubleshooting.
- Digital Support Hub has information on how to share pupil calendars. Limited paper copies available.

# Questions & Feedback

Digital Support Hub has all resources used in this presentation.
