

You will need your yellow die for this. Your yellow die has even numbers on it. Roll the die and look for the window with the same number. Try to answer the question at each window and mark off when you have answered them all. You may wish to use your Read, Write, Count Workbook to record your working.

	<p>The Aha Ha Wasp has an average size of 30mm. Use materials to measure and draw the length of the wasp.</p>
