

# Look Up!

## Storyboard

Use the template to create a storyboard to go along with the book. Think about what key events you want to include in your storyboard. Can you summarise what is happening in each section using your own words? Have a go at writing your summary and drawing some illustrations to accompany this.

| Name of Page:            | Page Number:             | Page Summary:            |
