

It's Our Home, Glasgow

Verse 1

Oh, they come from every corner
and from over the water
To the dear green place by the river
To become the sons and daughters
Of our home, Glasgow

Chorus

And we'll all sing together
With our fellows, friends and family
Who belong here in our city
It's our home, Glasgow

Verse 2

There's the tree that never grew
There's the bird that never flew
You'll have heard of fish not swimming
And of bells that should be ringing
In our home, Glasgow

Chorus

And we'll all sing together
With our fellows, friends and family
Who belong here in our city
It's our home, Glasgow

Ar dachaidh, Baile Mòr nan Gàidheal

Or jist tae catch the patter

With our fellows, friends and family
Who belong here in our city
It's our home, Glasgow
