

Glasgow CREATE Opportunities for Primary Schools 2025-2026

We would like to share with you the full CREATE offer for Primary Schools in 2025-26. All opportunities are **free** for schools, teachers, and children to access.

Several of our projects are allocated to all schools, so you do not need to apply to be involved. Other aspects of the CREATE offer are delivered at the request of schools or require teachers/children to sign up – in this case, places are allocated on a first come first served basis.

These opportunities are designed to:

- Develop learners' music skills and awareness of music of different styles and cultures.
- Provide high quality group music making and performance opportunities for children.
- Raise awareness of the wider benefits of music, including the development of language, social skills and executive functions.
- Develop practitioner confidence, knowledge, skills and understanding in delivering Art & Design, Dance, Drama and Music.
- Provide resources to support learning & teaching in Expressive Arts.
- Provide support for planning and tracking progress within Expressive Arts.
- Develop learners' Creativity Skills across the curriculum.
