School Improvement Priorities

2024 – 2025

Glasgow City Council's Education Services have created a set of five *challenges*, to which schools should align their improvement priorities.

- Achievement and Progress
- Connected Learning
- Engagement, Participation and Inclusion
- Networked Learning Organisation
- Wellbeing and Learning

Within the *challenges*, schools are tasked with then devising *missions* which will move the school forward.

At Golfhill, we have selected two of these challenges, as follows...

Challenge 1 Achievement and Progress

Mission To improve literacy skills, specifically writing

Challenge 2 Wellbeing and Learning

Mission To raise awareness of the Nurture Principles, and fully embed them across all aspects of school life

We will also be...

- revisiting our school values, vision and aims
- updating our Curriculum Rationale
- continuing to look at our approaches to supporting pupils with ASN
