

Hampden Resource Lending Library

We are delighted to be able to offer families the chance to borrow some resources and equipment to support your child at home. These items can be quite expensive to purchase, especially if you don't know if they will help or not. Below are a range of items that we feel might be useful to some families and that we will lend out for a period of time. This will help you to decide if the item is helpful/useful when it comes to supporting your child at home. We ask that you borrow only 1 item at a time.

1. Squeeze seat – This comfortable chair tightens gently, applying a calming effect on children. The supportive seat helps to provide a better seating position.

2. Vibrating Lap Buddy – This weighted cat offers gentle vibration when the child strokes its back, which provides relaxing, calming and tactile stimulation.

3. Sensory Cuddle ball – By simply cuddling the ball, children will experience a deep and calming pressure, helping them deal with anxiety and stress.

4. Air Cushion – An inflatable dynamic balloon for sitting or standing on. Supports balance and posture.

5. Switch adapted star lamp – helping the child have some control over the environment. Engages the child in cause and effect activity.

6. Switch adapted vibrating pillow – Engages child in cause and effect activity and provides soothing vibration.

7. Switch adapted monkey – Engage child in fun cause and effect activity, where they are in control.

8. Switch adapted Bubbles - Engage child in fun cause and effect activity, where they are in control.

9. Click on Plus – this piece of equipment allows you to control your own electrical equipment, allowing your child to control their environment or engage in other activities eg baking and using the whisk or blender.

10. Weighted Blanket – promote a calming effect, encourage relaxation and better sleep, helps prevent repetitive and distressed behaviour, relieves anxiety and stress.

11. Weighted lap pads – Helps calm and organise themselves in a seated position with deep pressure sensory input.

12. Weighted jacket – Deep pressure is applied to the body, this has a calming and organising effect on the body's proprioceptive system. We have a small child and a large child size.

13. Sensory Compression Bed Sock – fits over a single mattress. Helps children who find it hard to wind down and relaxes and calms the body for sleep.

14. Sensory Peanut – Help develop balance and co-ordination, a fun play item for sensory seekers.

15. Junior Wedge Cushion – improves posture and provides sensory feedback. Helps calm fidgeters.

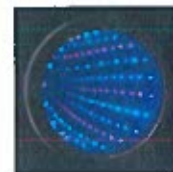

16. Junior wobble cushion – improves posture, reduces fidgeting and encourages active sitting.

17. Sensory Black out Den – Pop up sensory space with lights and illuminated toys.

18. Infinity Mirror – Calming sensory lights helps relaxation and a visual point of interest that promote interaction and

communication.

19. Ear Defenders – help children with ASD and sensory processing issues, who are sensitive to noise and certain sounds. Fully adjustable to fit any head size and very portable when out and about.

20. Talking Tiles – Great for supporting communication. messages can be recorded which enable child to initiate communication attempt.

21. Therapy ball - Help develop balance and co-ordination a fun play item for sensory seekers.

22. Ipad for communication -

This Ipad is loaded with Proloquo2go. Suitable if you think your child might benefit from the use of this communication App. It is only loaded with communication supports. No attempt to download any other App should be made.

If you wish to borrow any of the items shown, please complete the tear off slip at the back and return to school. Lending period will be about 4 weeks. Items should be cleaned before returning to school and any breakages should be reported to school as soon as possible. Items should be returned in the containers sent to you with any accompanying accessories/ instructions. If, the item is not currently available, we will send it out to you as soon as it becomes available.
