Connected Learning 2.0 – new iPads for all pupils

Pupils in S1 - IMPORTANT

Dear Parent / Carer

We are pleased to be able to inform you that we will soon issue school iPads to pupils in S1. We plan to issue devices in timetabled S1 ICT classes. Ahead of these there will be a number of messages sent out to you where action will be required by both parents/carers and pupils. These relate to important agreement documentation.

Agreement documentation

To receive the new iPad, pupils and families must enter into a series of agreements with the school. These relate to the safe use and maintenance of the device:

- Home/School Agreement
- ICT Acceptable Use Policy

These will be sent out to you in separate messages. Through each message, you will be asked to respond through clicking 'Agree' or 'Disagree'.

Until we receive a response to the messages indicating your agreement to the documentation, we cannot issue an iPad. The device will be setup and made ready, but will be retained in the school until you respond to indicate your agreement. Also, where pupils have enrolled at our school very recently, and have not yet received access to the ICT network we will retain their iPad and hand out after we have ensured full functionality.

Messages relating to the agreement documentation will follow shortly. We would ask that you read these and respond as soon as possible.

We are very much looking forward to soon having all our learners in class with refreshed iPads. Your help in working towards making this happen is very much appreciated.

Thank you for your support,

Stuart Brown

Depute Head Teacher
