P7 iPad Return – June 2021

Dear Parents/Carers

As part of our digital rollout programme children in Primary 7 were given access to a 1:1 iPad to use for the duration of P6 and P7. It has been beneficial to the children's learning and has been able to support children through home learning and in class.

As your child is now approaching the end of primary school we require these devices to be returned. If your child is attending a Glasgow City Council secondary school they will receive a new device in August from their new school. Therefore we require your children to return their current iPad and charger on **Wednesday the 23rd of June.**

If your child is not be attending school on the 23rd or 24th of June then the device would need to be returned on your child's last day of primary school. We are leaving the return to later in the term to allow children and families to access our Leavers Celebration on the afternoon of the 22nd of June which will be via Teams on their school iPad.

When returning your device on the 23rd of June please ensure you have the iPad, case, charger plug and charging cable. These devices will then be deployed to our new P7 pupils next session so it is important that they are all returned. If you have damaged or misplaced any of the items such as the charger then please get in touch as we require a like for like item due to health and safety requirements.

Your device will be wiped of all personal data, files and images but should you wish to log out of apps and delete any information on the iPad prior to handing in your device then you are welcome to do so.

Please get in touch via Seesaw or email (gw15moirvictoria@glow.sch.uk) should you have any queries regarding the return of the devices.

Kind regards,

Victoria Moir
