

Curricular Area	Details
<p>Language and Literacy</p> 	<ul style="list-style-type: none"> We will continue to build on our reading skills using our reading books. Please remember to try to hear your child's reading at home every night! We are reading "The Dinosaur's Diary" by Julia Donaldson as our class novel this term. This will support our comprehension and will introduce us to Before, During and After reading strategies. Reading for pleasure is important to us and the children are encouraged to develop their own particular reading interests. They regularly have the opportunity to choose texts. Our main writing focus this term will be imaginative, and will require us to design interesting characters and settings. We will explore the features of the genre and will be writing three-part stories over the coming weeks. We will continue to develop our talking and listening skills through a range of weekly activities. We try to ensure we listen to others and can summarise what they have said, and will look at how to ask effective questions.
<p>Mathematics and Numeracy</p> 	<ul style="list-style-type: none"> We have started the term by exploring inverse operations. The children are learning to solve problems and then check their answer by using the opposite operation, and are creating 'fact families' of four sums. Our practice of times tables is ongoing and supports our division skills We will explore measuring mass, volume, length and area. With Mrs Thomson, we are developing our data handling skills and will be learning about different ways of collecting and presenting information.
<p>Interdisciplinary Learning (IDL)</p>	<p>This term we will be learning all about 'The World of Work!' We hope to inspire children by exploring different careers and the skills required, providing lots of opportunities for listening and talking, as well as touching on social studies as we develop our understanding of our role in society. Our second IDL this term will be 'Chocolate', in which we will examine Fairtrade and the journey of chocolate.</p>
<p>Social Studies</p>	<p>Through the above contexts, children will be exploring citizenship and people who help us in society. They will consider their own community and that of the wider world, with links to sustainability.</p>
<p>Sciences</p>	<p>In Science, we are growing our own chard and kale seeds, and this has allowed many opportunities to discuss life cycles, sustainability and food chains. Later in the term, we will be learning about processes of the planet, including a deeper look at the water cycle, and space, where we'll examine the earth, moon, sun and their relationships to one another.</p>
<p>Technologies</p> 	<p>This term, P3 will continue developing their abilities to use ICT independently through the iPads. We will be learning to search for and save relevant information, as well as independence in logging on and accessing apps.</p>
<p>Religious and Moral Education</p>	<p>We will continue to promote tolerance, respect and understanding of all children's beliefs and religions. We will explore Sikhism and Hinduism as our focus religions this term, learning about their beliefs, artefacts and main celebrations.</p>
<p>Health and Wellbeing</p> 	<p>Children will be learning about how to keep safe in an emergency and identify hazards in different environments. This term, they will also complete RSHIP lessons. These will include how to keep their bodies clean, how all families may look different, feelings and safety, and similarity, diversity and respect.</p> <p>In P.E., we are developing our ball skills and will be learning to play tennis.</p>
<p>Expressive Arts</p>	<p>As part of our 'World of Work' topic the children will participate in creating a short drama using improvisation and hot-seating. They will be encouraged to convey a character using their voice, expression and body language, and to answer questions as that character.</p>
<p>How you can help/Other Information</p>	<p>Please ensure your child carries out their homework tasks daily and that they practise their reading and times tables every night.</p>

P3's Curricular Newsletter

Term 4 Session 2022/23

Welcome to P3's final newsletter of this session. We can't believe we are already in the last term! It has been a speedy, busy year and I'm sure it will only get busier as we move towards the summer- we have lots to learn and lots to look forward to! As always, thank you for your support in ensuring your child is ready to learn.

If you have any questions or concerns about your child's time in school please do not hesitate to contact us. The school number is **0141-427-0922**

Class Information

PE this term will be on a **Thursday** morning. Come to school ready for gym, with suitable shoes to change into, and remember - no jewellery please!
Homework expectations – homework is given out on a **Monday**, to be returned on **Friday**. Please support your child with this, and ensure reading book is practised at home and brought to school daily. If your child has a school I-pad, please ensure it is brought to school every day ready for use.

Class Achievements

I am pleased to share that Lewis and Bishaka were chosen as Super Treaters for last term and Aria was chosen to attend the Head Teacher Kindness Value Party. I wonder who will be receive the final awards this term?

Super Treaters

I can't believe that we are now in our final term of the year, and looking forward to finding out who will be the last set of SUPERTREATERS for the session 2022/23!
Well done to everyone who has been nominated this year....and good luck to everyone else. It could be you this term, so keep living those Ibrox Values.

We are now delighted to be welcoming our Primary 1 children to assembly on a Friday. Our Friday assemblies are where we share the learning that is happening across the school, and also celebrate any special achievements of the children. Please don't forget to let us know of anything that your child has done that they would like to share. We love hearing about all their amazing successes 😊
