

# FUEL CHANGE

# Fuel Change SCQF Level 6 Qualification

Do you want to make yourself stand out on your UCAS and Job applications?

Do you want to learn more about the jobs of the future?

Do you want to develop the skills that future employers are looking for?

## If so, we've got the programme for you...

### What do you get out of the programme?

- ✦ Gain a Scottish Credit And Qualifications Framework level 6 qualification with 8 credit points that goes on your UCAS and Job applications
- ✦ Work on a challenge that real businesses are facing
- ✦ Learn more about the industries and jobs of the future
- ✦ Develop the critical skills that employers are looking for

**“fuel change has already helped to develop skills such as working well in a team and creative thinking which will help me to be successful in the future”**

S6 Student, Preston Lodge High School

## What is the Fuel Change Challenge?

In a team, you will create a solution to real-life sustainability challenges faced by real-life organisations, and then present your solution to a panel of industry judges.

“We want young people to come to us with good qualifications, however we are looking for skills over and above that.”

“The Fuel Change challenge allows young people to gain the skills that they otherwise wouldn't have the opportunity to develop.”

Natalie Dalglish, Learning and Development Manager, Forth Ports
