Head Teacher
Mr David McArthur BEd

26th January 2022

Dear Parent/Carer,

Community Football Partnership @ LCHS

We are delighted that, in partnership with FARE and Easterhouse FA, we will be offering S1 (current P7) pupils the opportunity to be part of our inaugural Community Football Partnership.

Beginning in August 2022, our programme is designed to use football as a means of improving outcomes for young people across a range of contexts; from health and well-being to social and emotional supports.

The programme will consist of:

- 4 x periods of football. These will be included in a young person's timetable.
- Training sessions delivered by Easterhouse FA coaches, supported by our local Glasgow Life Football Development Officer.
- Participants will also receive weekly inputs from FARE, providing a range of personal development programmes and SCQF accredited awards.
- Full LCHS/Easterhouse FA branded kit will be provided

The programme is open to boys and girls, and we are now accepting expressions of interest.

If your child would be interested in participating in this exciting programme, please complete the application form via the QR code below. Your child does not need to play for a current Easterhouse FA team to apply, and will not be restricted in any future SYFA registration.

For further information, please see the 'Community Football Partnership' page on our school app*, or contact our school office.

Yours Sincerely,

Mr D McArthur
Head Teacher
