Head Teacher
Mr David McArthur BEd

31st May 2023

Dear Parent/Carer,

Lochend Community High School Parent Council Invitation

As part of our school's collaborative support approach we are looking for volunteers to join our Parent Council group.

The Parent Council enables parents to meet, share ideas and feedback to the school. We want to continue to build our positive partnership between parents and school; where parents are consulted and their views passed on to the school leadership and/or governing body to help with decision making.

The work of the Parent Council is very significant in supporting the school's improvement agenda and provides you with the following benefits;

- Provide a forum to share their views.
- Involvement in school decision making and school direction.
- Improved communication and information-sharing.
- Working together for pupil achievement, school and system improvement.
- Assist with organising fund-raising events.
- Help shape and grow parental involvement.

If you would like to share your interest in joining or find out more information about our Parent Council group, please could you email Mrs McCauley at gw13mccauleycarrie@glow.sch.uk Or call school and leave your name and number with our office staff.

We would appreciate it if you could share your interest by Friday 9th June 2023.

We look forward to hearing from you.

Yours Sincerely,

Mr D McArthur
Head Teacher
