

Notre Dame High School

Design & Technology

P7 transition unit

Design Brief

You have been hired by a comic company to create a new Superhero. You will need to need to use your research and sketching skills and maybe even practical skills.

Good luck!

Task 1 -Research

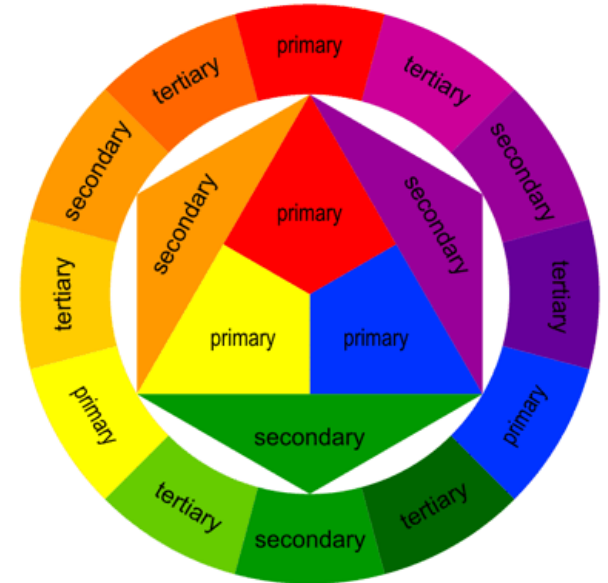

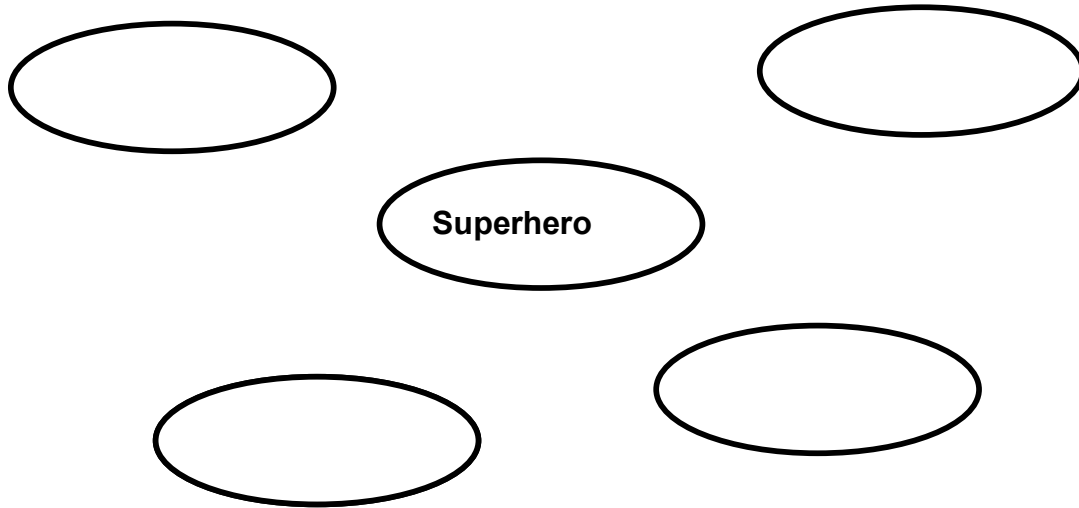

Research:

Choose 5 superheroes to research. You can use whatever you have access to. Create an image board with characters, logos, costumes etc. Include some written information to help explain your board.

Task 2 - Mindmap

Complete a mind map based on your findings. Think about colour choice, abilities, costume, logo shape etc you can add more to this mindmap

Colour Scheme?
Shade in the boxes
showing your chosen
colour scheme

Task 3 - Logo Design

Sketch 4 ideas for Logos.

Experiment with different shapes, colours etc

Your choice!

To complete this unit choose one of the following tasks.

Task 4 - Mask design

Task 5 - Cityscape sketch

Task 6 - Newspaper front page

Remember to take photos of your completed work to bring with you when you come to Notre Dame.

We look forward to meeting you!

Task 4 - Mask Design

Sketch 1 idea for Mask

You can use paper or do it digitally on a computer.
Can you make a full size template and cut it out?

Task 5 - City Scape

Every superhero needs a city to save! Try to draw a 3D cityscape using 1-Point Perspective This clip will show you how. Can you add your hero? Can you render to add materials to buildings?

Task 6 - Design your own Front Page

Hold the front page!
Design your own newspaper front page featuring your Superhero. Again you can do this on paper or digitally.
