

Careers Corner

Welcome

As our world around us changes and adjusts so too will our careers education programme. Each month I will post information on work experience, college applications and special programmes run by our business partners to enhance your careers journey.

DYW Glasgow have compiled resources on employability here:

<https://wakelet.com/wake/a6a11478-ec29-42b3-8207-ddbef94d5702>

Please feel free to email me directly about anything career related.

If you haven't already registered for "My world of Work" please do so at: <https://www.myworldofwork.co.uk/account/register#/> - using your school email address. This website has a lot of resources that assist you in researching and planning your future.

Our business partner BAE are promoting some online STEM activities to keep you busy. Find out more here:

<https://www.baesystems.com/en/careers/careers-in-the-uk/getting-ready-for-work/home-learning>

More career developing home learning here:
<https://enterprisingschools.scot/home-learning.php>

Senior

Current Foundation Apprenticeships students– you should have received an email to inform you of your progress in your FA and the next steps particularly if you have applied for University or College this year.

Foundation apprenticeships starting 2020/21 – you should have received an email advising if you are successful. If you haven't heard please email Ms McGroarty.

College courses – we are still waiting to hear back if your applications have been successful – if you haven't applied contact Ms McGroarty urgently.
