

# Pirie Park Primary - Every Day Counts

## Attendance Percentage = Number of Days Represented

The following information explains the percentage of a pupil's attendance at school in terms of days missed. As a pupil's percentage falls, procedures are activated to help support and encourage regular attendance.

Attendance levels are calculated on a daily basis and all absences from school, including Term Time holiday leave, whether authorised or unauthorised will affect a student's percentage of attendance.

You will be informed in writing at the end of each term should you child's percentage of attendance fall below 90%.

### Attendance Level 98% +

This is the equivalent of 4 days off during the year. This is above average and represents good attendance. Thank you to all pupils and parents who achieved this.

### Attendance Level 95% to 97%

This is the equivalent of 5 to 9 days off during the year. This is in line with the national average and represents satisfactory attendance.

### Attendance Level 90% to 95%

This is the equivalent of 10 to 19 days off during the year. If your child's attendance continues to remain at this level or drops lower, the Headteacher will become concerned about the potential impact on your child's academic progress and achievement.

### Attendance Level 80% to 90%

This is the equivalent of 20 to 38 days off during the year. The Education Welfare Officer will be informed of your child's attendance level and may write to you. Your child's attendance will be monitored closely.

### Attendance Level - 80%

This is the equivalent of more than 38 days off during the year. The Education Liaison Officer will definitely have paid you a visit and if attendance does not improve Court proceedings may follow. This is a last resort but good attendance is vital to your child's success.
