

showbie

We use a platform called Showbie as a home learning tool and to give children access to electronic resources in class. Watch this video to find out more:

<https://www.showbie.com/features/>

Each class has a unique joining code (see below). Please make sure your child has joined the correct class.

Teachers will only admit children in their own class.

Please let your child's teacher know if you are unable to log in.

Teachers will set weekly homework tasks each Monday and collect each Thursday. Homework will be corrected and children will be given feedback. Teachers are also encouraged to have a 'photo drop' each week so that you can see some of the learning that has taken place in class.
