Cherished Walkwell Memories

Two weeks ago I went on the most exciting trip of my life: ~~the~~
the residential at Blairvadoch.

Once we arrived at Blairvadoch we were put into our dorm
rooms. The dorm rooms were surprisingly small and I wondered
how we will fit all our suitcases! After that we were put in
our groups. In my group were Ellie, Katie, Yara, Micheal, Ollie and
Lewis. I felt excited when our group leader (Danny/Kate) told us
we will be doing teamwork exercises. Finally once we all
had settled down it was time for bed.

In the morning I felt excited and couldn't wait until our activity.
I was relieved to find out the food was amazing! Next our
group leader showed us the forest with interesting facts.
After that we got to go into Gairloch and it was freezing!
After the evening game we all went to bed. Not to sleep
but to bed.

We had ropes course in the morning and laughed when
Miss Jardine slipped and fell in the little stream! The best
part was finally jumping into the plunge pool. I loved in
bushcraft when we got to make caramel apples! For
scrambling I was nervous but found out it was really fun!
Also seeing the amazing view at the top of the climbing tree!

Blairvadoch was an amazing experience and I wish
I could do it again! All of the fun activities were
great and I loved it.
