Dear Parent/Carer,

Ms Martin would like to take the opportunity to invite and welcome all parents who don't have English as their first language to discuss the newsletter and any other issues they would like to talk about every month. These meetings will involve an interpreter and will currently be taking place on the 22nd of September in Arabic, 23rd of September in Polish and 29th of September in Hindi. If you feel that this is a service which you would benefit from in a language which has not been stated please return the slip below stating which language you would like an interpreter for.

Best wishes,
Julie Garrett
