Celebrate this International Women's Day by participating in a range of wellbeing activities and learning about local services for women.

Motivational speaker Anne Hughes will host an inspiring discussion alongside a panel of like-minded women, about their experiences and achievements. It's a chance to honour your story while learning from the experiences of others.

Hear talks about local trailblazers who have made significant contributions to their industries, communities, or personal growth journeys.

These stories will remind you that extraordinary achievements are within reach for all of us. This FREE event is a safe space to meet like-minded women who understand your challenges and celebrate your successes.
