School Improvement Priorities

2023 – 2024

Glasgow City Council's Education Services have created a set of five *challenges*, to which schools should align their improvement priorities.

- Achievement and Progress
- Connected Learning
- Engagement, Participation and Inclusion
- Networked Learning Organisation
- Wellbeing and Learning

Within the *challenges*, schools are tasked with then devising missions which will move the school forward.

At Wallacewell Primary, we have selected three of these challenges, as follows...

Challenge 1 Achievement & Progress

Mission To improve attainment in Literacy (Writing) & Numeracy

Challenge 2 Wellbeing & Learning: Engagement, Participation & Inclusion

Mission Enhance and embed inclusive practice across the school to further reduce barriers to learning.

Challenge 3 Networked Learning Organisation

Mission To build strong and effective partnerships with families and other stakeholders that can help children and families thrive with key focuses on inclusion, parental engagement and family learning.
