Attendance and Punctuality

Attendance Matters

Attendance level of **98% or more**

This is the equivalent of 4 days off during the year.

This is above average and represents very good attendance. Thank you to all pupils and parents who achieved this.

Attendance level between **95% and 97%**

This is the equivalent of 5 to 10 days off during the year.

This is in line with the national average and represents good attendance.

Attendance level between **90% and 94%**

This is the equivalent of 11 to 19 days off during the year.

If your child's attendance continues to remain at this level, or drops lower, school staff will become concerned about the potential impact on your child's progress and achievement.

Attendance level between **81% and 89%**

This is the equivalent of 20 to 37 days off during the year.

You will receive a letter from the school and your child's attendance will be monitored closely for signs of improvement.

Attendance level of **less than 80%**

This is the equivalent of being off for 38 days or more during the year.

Your child's lack of attendance at school could be referred to the Children's Panel, and you may be invited to appear at a hearing.

If your child's attendance does not improve, court proceedings may follow. This is always a last resort but good attendance is vital to your child's attainment and wellbeing.
