Standards and Guidance documents

Career Education Standard

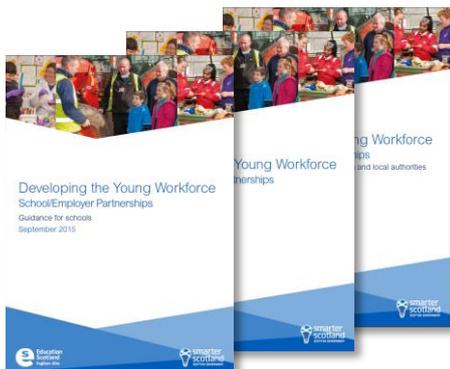

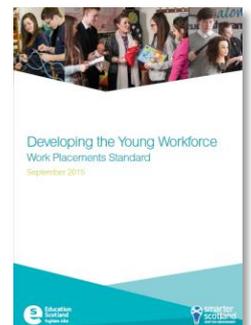

This document contains the entitlements and expectations as well as examples of 'I can' statements to support practitioners in developing career education from 3-18.

<https://www.education.gov.scot/Documents/dyw2-career-education-standard-0915.pdf>

Work Placements Standard and benchmarking tool

The standard sets out the expectations for young people, employers, parents, schools and local authorities in advance, during and after a placement. Resources are in development to support schools and Local authorities achieve the ambitions of the standard with the self-evaluation exercise and work placements toolkit already available on our website.
