

**FREE
CONFERENCE**

**19 & 20
MARCH 2019**

You are invited to the first Academy9 'Building a Legacy' conference – inspired by the A9 Dualling Programme.

The interactive event will showcase the award-winning Academy9 Programme, which has seen industry educate and inspire thousands of young people from Perth to Inverness in STEM (Science, Technology, Engineering and Mathematics).

We will lift the lid on the secrets of its success to inspire others.

Selected workshop highlights include:

- **Enhancing Construction Safety – Digital Careers now and the future; Harnessing Digital Technology**
- **Creating Effective Educational Programmes**
- **Delivering the STEM Education Strategy for Scotland**
- **Developing and Keeping a Skilled Workforce – 'New Industry in Scotland 2020'**
- **Pathways into Engineering**

Academy9: Skills Impact Initiative of the Year
BRITISH CONSTRUCTION INDUSTRY AWARDS 2018

Highlights include:

- Kate Meyers, Head of Skills & Employment, HS2
- Rebekah Watson, Ambassador for Women in Aviation and Engineering
- Other keynote speakers from industry and education (to be announced)
- Contractors can learn about Transport Scotland's approach and expectations
- Opportunity to hear from young people and teachers about the difference Academy9 has made to them

There are also opportunities to:

- Participate in an interactive event to inspire and support organisations to create their own education programme
- Discover how industry and educational professionals benefit from working together
- Find out about examples of innovative learning and positive employment opportunities
