

Forth Valley Creative Learning is a new collaboration between Education in Falkirk, Stirling and Clackmannanshire, creating together opportunities to explore creativity and creative learning

How do we capture and measure creativity?

Paul Collard, Chief Executive
Creativity, Culture and Education

Wednesday, April 17th 2013
4.30pm – 6.30pm
Tolbooth Arts Venue, Stirling
Doors open at 4pm for refreshments and registration

ALL WELCOME

Increasing attention is being given to developing the creativity of children and young people. From Japan to Chile, within Europe and across the US this has become a major preoccupation of educators. But how do you know what creativity looks like, and can you tell if it is being developed? To support their work CCE commissioned extensive research into the definition and measurement of creativity and trialed numerous approaches in schools. In this presentation Paul Collard will provide a constructive and practical guide to identifying creativity in the classroom to enable teachers and creative practitioners to inspire children and young people.
