## Attendance Matters Every Day!

Attendance Level %	What does that mean in days off?	What does that mean in missed learning?
100%	0 	We all get <b>175</b> days off every year including holidays & weekends. That's plenty!
95%	10 	If you count it out it's <b>50 hours</b> of missed learning!
90%	20 	One day off a fortnight adds up to <b>four</b> school weeks!
85%	30 	That's an <b>extra summer holiday</b> every year!
80% or less!!!	40 days or more! 	Having a day off at least once a week is <b>200</b> hours or more of learning!

(Attendance levels are calculated for mornings and afternoons)

**Give your child the best chance of success. The higher their attendance, the more likely they are to succeed!**
