

ELC / PRIMARY

Does the purpose statement
work for your sector?

More enquiry / process

What needs to change?

children^{+YP} not learners.

less economy based

~~Develops CYP~~

Tech Curriculum

Affords opportunities for
C+YP to explore ^{interact critically} & enquire
and ^{creatively} problem solve
with digital components
of our rapidly evolving world.

T&I develops C
who are inquisitive
about ~~the~~ how 'things'
in the world work.

They explore ~~solve~~
technical solutions ~~and~~ and
how these affect the
world.

They ~~will~~ learn technical
skills to apply ~~it~~ when
designing solutions.

Secondary COT.

Does the purpose statement
work for your subject?

yes ;

what needs to change?

real world
problems, issues
and challenges

Replace solve
with
① Address resolve
② Meet
③ Examine
investigate

innovative approaches
to ^{address?} real world problems,
challenges and issues

16 solutions

efficacy

Secondary Bus Ed

Does the purpose statement
work for your subject?

what needs to change?

Technology
&
Innovation
feels like
business is
included.

'bridging theory
& practice'

empowers learners
to
use technology &
enterprise to
become

Efficacy?

Efficiency?

to be ...
not
to become ...

Socially
aware
Citizen /
consumer ~~and~~
rather than
contributors?

Does it
say
Technology & Innovation
enough?
Are we bridged?
Does it
matter?

'real-world
challenges'
not problems

Secondary CS

Does the purpose statement
work for your subject?

Not techs & innovation enough?

What needs to change?

identifying challenges.
designing & making
solutions.

ecosystems.
+ challenges
satisfy human needs ~~& wants~~?
instead of solving real world problems

~~learners~~
CYP. ~~do~~ explaining ways for ~~business~~ to meet real
world challenges
(rather than solving real world
problems)

~~Socially~~ ~~environmentally~~ ~~aware~~

to check environmental importance is clear.
in big ideas at least.
