

# Piggy in the Middle

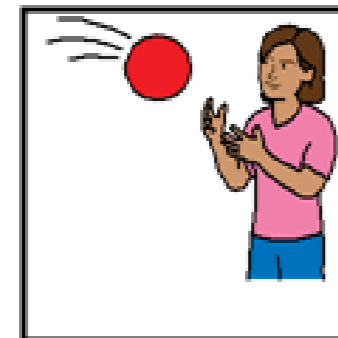

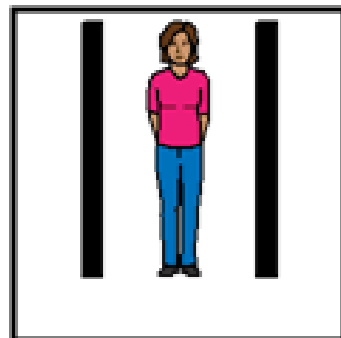

You need 3 people and a ball to play this game.

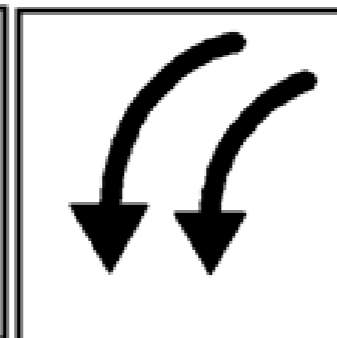

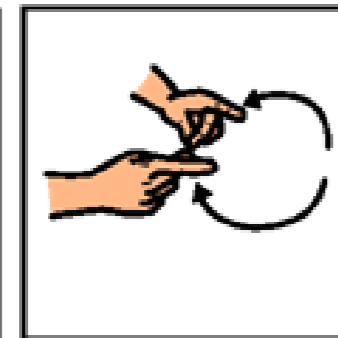

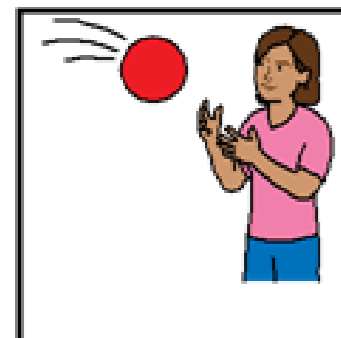

One person stands in the middle, one person stands to the left and one person stands to the right.

The people at the ends face each other and try to throw the ball to each other.

The person in the middle tries to catch the ball.

If they catch the ball they change places with someone at the end and repeat the steps. If they don't catch it they try again.
